

The official licensed Giro d'Italia games

In these simple yet fascinating cycling race simulations you decide the placement and energy management of your riders, facing all the elements of **the Giro or a "classic"**: sprints, breakaways, falls, cracks, punctures, bonus time, made and broken alliances, final sprints.

What is your speciality? Will you be best on plains and sprints? Will you fly in solitude on the mountain top? Or will you display a charismatic leader talent?

At the end of the track, only the finest strategist and the humblest hard-worker will win, entering with Giro d'Italia games in the legend of the greatest Cyclists of all time.
