

Kahmaté

Kahmaté is a one-on-one game for two opposing Rugby captains. You have to score a try by managing a six-player team: pound your opponents with fearless forward drives, secure the ball away from the big guns and play together, just like a real match.

There is no room for luck in this board game: the best brain wins. Deal with your team's fitness and try to surprise the opposite side. Organise your line-up cleverly and prevent your opponent's attack. Grab the ball and send your winger to the try-line.

Rugby fans enjoy this game for its simple rules and realistic atmosphere. Strategic masterminds love it as well. **Kahmaté** is highly tactical: players need to make clever moves and use their cards well. To be the best, they'll have to play tactically and get a good vision of the pitch. Before that, all that players need are reading skills and a sense of humour.
