

Solairis

Solairis is the first release from Myndgames and featured at the UK Games Expo earlier this year. It is an expandable card game of magic-duelling warriors in a far away universe.

Players take control of one of the seven races of the prism system, each with their own strengths and weaknesses. Players use the game's unique power point system to cast and dispel spells. Successful spells reduce the target player's wounds: anyone reduced to zero is out of the game and the last player wins.

For the initial release of the game the starter box contains 80 cards:

- 14 warrior cards (2 of each of the seven races)
- 38 spell cards
- 28 power point cards

Plus the rules, of course.

- 2-4 players
- Aged 8+
- Playing time 20 minutes
- RRP £10.00 (inc VAT)
- Trade price £5.11 (ex-VAT)
