

Street Paintball

Playing paintball in a forest is for wimps. Playing paintball in the middle of a city is a challenge! But watch out: don't shoot civilians and try not to get arrested!

Each player has a paintball team of six members. You have to try to hit the other players with your ball at just the right moment while avoiding getting hit yourself. And watch out for the police! The player who has the most team members left at the end of the game is the winner.

Street Paintball is a game of quick reactions. Each player has a deck of cards, which are revealed one at a time. All players react to the situation on the card. Get it right and knock out a team member with a well-directed ball. Get it wrong and see one of your team members carted off to jail!
